

Our Story

In 1960, Alex Kennedy purchased a roadside garden business along the only main road to Cape Cod on a picturesque piece of property in Scituate. Soon after, his grandson Robert graduated from Stockbridge School at Umass. He quickly built the reputation of the garden center & landscaping services with a focus on quality and service. Today, Kennedy's tradition continues with Robert's son, Chris, a graduate of Penn State University is running the family business.

Kennedy's Country Gardens is celebrating 50 years in business in 2010!
